

**MUNKEN**

MUNKEN LYNX

Extraordinary printing demands extraordinary design paper. The uncoated smooth surface of Munken Lynx and its natural white shade make images genuine and gives an exclusive and yet very true natural paper feel. Munken Lynx is developed for offset print, but is also suitable for various kinds of printing techniques; flexo, laser, xerography, digital printing, inkjet and for preprint applications. Also available is a cream shade, Munken Pure, a crispy white version, Munken Polar and the highwhite Munken Kristall.

Munken Lynx standard products are available as EU Ecolabel, FSC® – The mark of responsible forestry. www.fsc.org. FSC-C020637 and PEFC™ PEFC/05-33-99 certified.
